See below for plan review requirements before completing this section. Plans and specifications must be submitted when the wiring or alternation to an electrical system is over 400 amps and is in excess of 3,500 square feet in all buildings.

What is the rating of the service or feeder in ampere? \_\_\_\_\_

What is the building size in square feet? \_\_\_\_\_

Have plans been submitted  Yes  No  Not Required

---

**Plans are required for all building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to Act No. 299 of the Public Acts of 1980, as amended, and shall bear that architect's or engineer's signature and seal, except:**

1. When the electrical system rating does not exceed 400 amps the building is not over 3,500 square feet in area..
2. Work completed by a governmental subdivision or state agency costing less than \$15,000.00

If work being performed is described above, answer Section IV "Not Required".

**PLANS MUST BE SUBMITTED BEFORE A PERMIT CAN BE ISSUED**

**V. Applicant Signature**

Section 23a of the state construction code act of 1972, 1972 PA 230, MCL 125, 1523A, prohibits a person from conspiring to circumvent the the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of Section 23a are subjected to civil fines.

Signature of Licensee or Homeowner (Homeowner signature indicates compliance with Section VI. Homeowner Affidavit)

Print Name Date:

**VI. Homeowner Affidavit**

I hereby certify the electrical work described on this permit application shall be installed by myself in my own home in which I am living or about to occupy. All work shall be installed in accordance with the electrical code and shall not be enclosed, covered up, or put into operation until it has been inspected and approved by the Electrical Inspector. I will cooperate with the Electrical Inspector and assume the responsibility to arrange for necessary inspection.

**Registration fee \$28.00**

**\*\*DOES NOT INCLUDE REGISTRATION FEE**

**GENERAL:** Electrical work shall not be started until the application for permit has been filed. All installations shall be in conformance with the Electrical Code. No work shall be concealed until it has been inspected. When ready for an inspection, call the building department with the job location and permit number.

**EXPIRATION OF PERMIT:** A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within six months after issuance of the permit or if the authorized work is suspended or abandoned for a period of six months after the time of commencing the work. A PERMIT WILL BE CANCELLED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN SIX MONTHS OF THE DATE OF ISSUANCE OR THE DATE OF A PREVIOUS INSPECTION. CANCELLED PERMITS CANNOT BE REFUNDED OR REINSTATED.

The Department will not discriminate against any individual or group because of race, sex, religion, age, national origin, color, marital status, disability or political beliefs. If you need help with reading, writing, hearing, etc. under the American With Disability act you may make your needs known to this department.
