Come join our “Learn to Play” program for girls interested in getting into hockey. This is for girls just learning to skate or who have some skating background and are ready to begin working on their basic hockey skills. Players will be evaluated and placed in the proper group based on their age and ability. The minimum equipment necessary to start our “Learn to Play Program” is a helmet with mask, skates, stick, and gloves (shin pads are highly recommended).

All participants must register with USA Hockey. Volunteers are welcomed and encouraged.

If you have any questions, please contact Coach Tom Bates at (734) 365-2729 or coachtombates@gmail.com.
